AAPS meeting 2/1/2010

Everyone here (- Dr. Anderson)

- respons. - didn't need to discuss

- schedule
  - 4:30 1st Mon of each month
    - Mar. ~~8~~ 1
    - Apr. 5

  - reeval. for summer

- Review

  - Industry Trip
    - Salin - got everyone's reviews & sent to Lily
    - Melissa - Lily was accomodating - want us to come back
      - like to do every 2 yrs.
      - maybe look at Abbott

    - discussion - why 2 yrs?
      - not enough students
      - discovery little there
      - would do the same thing again
    - possibly do 1 develop, then 1 discovery next (rotate)
    - for discovery:
      - look at small biotech
      - reps for discovery (Salin says just not there in big company)

    Pilot plant, nice lunch, company overview
    panel discussions - went very well, they liked students
      - discussed current trends, what they are looking at in scientists
      - Salin - best thing was a contact from Lily who will recruit, come to career fair

    - Forum for job postings? in addition to Yokel's email

    some students wanted other areas (e.g. pharmacogenomics)
      - can accomodate if in advance
      - could limit to senior students ⇒ maybe ~~er~~ too small group
        - 1st & 2nd yr want overview, but they want more focused people @ Lily

    - Development panel seemed better than other panels

AAPS 2/1/2010

- Industry trip
  - Could split groups: Jr. student group
    Sr. student group
  - Dress code
    - business casual ⇒ No JEANS!
    - be specific
- Look into Discovery trip / small company this trip
- Bowling Night
  - went very well, ~20 people there
- Pictures for Bowling & Lily need to go up (Sarabh & Mikolaj)
  - new members need pic & profile for website
- Goals
  A. Outreach (college students & younger)
    1) E-day - AAPS really likes us for this [did crystallization, tabletting, & brain slices]
      - Feb. 20th
      - contest? (for larger groups)
      - booth has been reserved - probably in same area but not sure
      - Tablet press & crystals went well
      - Brain slides - need description
        - have bigger desc. (poster) to show what is on brain slices
      - Keep the same but spruce up
        - big pics for brain (Dan) & slides
        - quiz (Sucharita)
        - suggestion box (Sarabh) ⇒ website & booth
          ↓
          incentives? Ask Maggie for AAPS things
    2) Think of Ideas to get people to come to website
      - link to a less professional site - a way to get people to comment
      Stuff for booth ⇒ Melissa

      microscope - Dr. Li's lab ⇒ Mikolaj, Kyle
      & tablet press
      & crystals - bring night before
      - avasil 200

      - Calcium carbonate bubbles in water tablets
        - Dhaval
        - water bottles
      - No supersaturation

AAPS 2/1/2010

1) E-day
- Work schedule (8:30 - 1:30)
  3 people/shift

  - Morning: Dan, Sarabh, & Melissa
    8:30-11:30

  Late Morning: Kyle, Joe, Dhaval, Sucharita
    - get there a little early
  - Meet @ Bumoner lab ASTeCC 265

  * look for Mg Stearate

3) Fall Outreach ⇒ think of ideas where we keep or identity
  - Co sponsor meeting? AICHE, ISP

  - Shadow lab students or tours
    - Open House w/ Catina

  - Help start international student chapters

  - GRASP - start submitting info in April if hosting
    - regional conf. for grad. students by grad. students

B. Young Scientist Seminar
  - think about topics for March. meeting
    - probably at end of March
  - recent alumni
C. Visiting Scientist seminar
  - FDA
  ~~- recent alumni~~
  - Bill Brock (Dr. Swanson) is a consultant for discovery & development (tox guy) ← Sucharita

D. Social events - Spring & Fall Picnic
  - another event/semester

  - spice up grad lounge
    - magazines
    - radio

  - trivia night w/ Rho Chi? ⇒ Joe

E. Other
  CET rep. - Joe will check
