## AAPS-UK Memorandum

---

---

**To:** AAPS-UK Executive Committee  
**From:** Laura M. Land, AAPS-UK Secretary  
Phone: 257-2300 ext. 256  
E-mail: lamcca2@uky.edu  
**Subject:** Minutes from the Executive Committee meeting on 10/03/03  
**Date:** 10/12/03

---

A meeting of the Executive Committee was held on 10/03/03 at 1 pm.

**Members of the Executive Committee present:**

Joanna Koziara, 2003 Chair  
Bethel Sharma, 2002 Chair  
Jigna Patel, Vice-Chair  
Laura Land, Secretary  
Christina Charriez, Treasurer  
Phil Empey, Historian  
Chandra Patel, GPC Representative  
Dr. Brad Anderson, Advisor

**Updates:**

- The tour of Eli Lilly is being tentatively planned for late January, 2004. At the upcoming pizza lunch with Drs. Yokel and Pauly, we will ask for an approximate number of students interested in attending. The tour will focus on recruitment information while helping students to understand the specific jobs that students graduating from our program can expect to find at Eli Lilly.
- Aska reviewed what was talked about in the phone conference with the Student AAPS Chapters from other universities. Aska, Laura, and possibly Bethel will volunteer to work at the AAPS booth at the annual meeting this month in Salt Lake City, Utah.
- Dr. Anderson reminded the chapter that the next GPEN meeting is scheduled for June 2004, in Kyoto Japan. It is expected that the college will provide funding for one student and one faculty member to attend. A competition will be conducted to choose the student representative by submission of extended abstracts.
- Planning for the "Young Scientist Seminar Series" is underway. The series will begin in January 2004 and continue on a monthly basis. The speaker for the first seminar has been chosen. This initial talk will be an overview of the pharmaceutical sciences highlighting similarities and differences between careers in industry versus academia. Future topics include academic consulting and entrepreneurship, collaborations, industrial headhunting and recruiting, and writing curriculum vitae's.

**Activities to be completed:**

- Finalize plans for the tour of Eli Lilly.
- Continue recruiting speakers for the "Young Scientist Seminar Series".
