Topics Discussed:

- We have received positive feedback from those who attended our annual picnic and softball game. There was good attendance and a few more t-shirts were sold (a total of 99 have been sold).
- We would like to hold a student body meeting right after a division seminar at the end of September. T-shirts will be sold at this meeting and we will continue to sell them throughout the semester. Elections will be discussed. We will decide to provide a web-based format or hold the elections after a seminar meeting.
- The planning of activities including bowling and block seating at football games will be considered.
- On a very sad note, we discussed how the graduate students could send their condolences to the family of Dr. Burke. We decided that we would like to ask that the graduate students help us take up a collection for the college fund of Dr. Burke's children.
- Graduate students will be added to the staff list serve to ensure that all appropriate email announcements are sent to the students.
- Dr. Bummer would like to organize furniture donations to help future graduate students furnish their apartments.
- We discussed the need for a web manager to keep graduate student and division information up to date.

Future Activities:

- The next meeting will include the student body and will be held after the division seminar at the end of September.
